

Ipswich & District Detector Club

(Affiliated to the National Council for Metal Detecting)

Monthly newsletter meeting February 2022

The next meeting will be at the Rosary Club Tuesday March 29th (**DOOR CODE 1473**)

The March meeting is the AGM where the officers of the club are elected or re-elected. This gives members the opportunity to have their say on how the club is run.

This will be followed by a quiz which to be hosted by our own Kelvin Gage. There will be a prize for the winner and something for the runner up, it should prove to be a fun evening. The committee have decided to keep the membership fees to £17.00 for the year. This is to take in consideration increased speaker's charges, higher postage, and probable increases in Federation fees.

The new membership forms are attached to this newsletter and Sue will be there to take membership fees on the night.

Result of the February Auction

75 Lots were up for grabs many finding new homes. In all, a total of about £41.04 was made for club funds, (this included money raised from the auction of two books, Bennets Artefacts and Spinks, that were generously donated by club members. Bennets made £15.00 and Spink £13.00

The highlight of the action was £30.00 for a 1797 Cartwheel Twopence. Several minor coins sold at their reserve prices, however collectable cars this time did not make the grade.

A big thank you to all who participated.

Find of the Month
